

# TECHNICAL DATA SHEET

## KLOR-SCRUB CHLORINATED ALKALINE MANUAL DETERGENT (POWDER)

### DESCRIPTION

KLOR-SCRUB is a medium strength, chlorinated dry alkaline powder that is ideal for all general cleaning, and manual cleaning chores. KLOR-SCRUB is a highly-built detergent, combining high foaming surfactants, balanced alkaline builders, and water conditioners, to provide maximum detergency, soil penetration, removal and suspension – in all water conditions – with the oxidizing and control benefits of chlorine.

- High Foaming – generates copious, stable foam
- Economical – concentrated powder
- Controlled alkalinity – safe to use, excellent manual cleaner
- Concentrated blend of surfactants – provides maximum cleaning with moderate alkalinity
- Chlorinated - removes protein soils & bluing from stainless steel surfaces. Effectively controls odors. Helps to control mold and mildew
- Free rinsing – leaves no residue
- Effective in hard water conditions
- Safe on soft metals when used a directed

### DIRECTIONS

- For manual cleaning use 1/2 ounce to 2 ounces KLOR-SCRUB per gallon of warm to hot water. Dilutions may vary depending on soil type and load. Rinse thoroughly with fresh water.
- For specific use recommendations or answers to any cleaning or sanitation questions you may have, contact us at (800) 248-8515, or send us an email at [info@acechem.com](mailto:info@acechem.com).

### PROPERTIES

Form .....	Powder
Color .....	White
Odor .....	Slight chlorine
pH of a 1% solution .....	11
Foaming .....	High

**Special considerations and notes:** Safe on soft metals when used as directed.
